

Sewing for Handwoven's Group

A group of members get together a couple of times a year to encourage each other and sew on handwoven fabrics. This year our project from the Daryl Lancaster Collection (<https://www.weaversew.com/shop/>) is the #700 or 1700. Tunic. Our first meet up is in January 2026. We have decided to concentrate on fit and the construction of a garment. If you are interested in working with us contact Patricia (patwove@aol.com) for more information and dates.

700 TUNIC A or B

700 Tunic has set-in sleeves with a slightly lowered armhole for comfort, back yoke, center back pleat with optional decorative loop, shirttail hems and long sleeves, shown rolled.

The back is longer than the front. Neck variations include placket or button front, with inseam buttonholes. Stand collar or hood variation. Optional kangaroo pocket.
