

Study Groups for 2026 are Now Starting!

We are going to try a new and more flexible format to make “Study Group” more accessible to the varied interests and schedules of our members. Anyone can form a group, and the structure is simple.

There are two requirements for forming a group: a minimum of 2 participants, and a presentation to the guild after the study is done (generally at a regular Thursday guild meeting).

In addition to their topic, each group individually decides how often, when, and where - whether in person, on Zoom, or a combination of the two - it meets, and its duration.

5 new study groups have been formed or are just starting....

For more information (and to join) please contact the individual group leader. If you want to start a group, fill out a copy of the form (soon to be posted on our website on the “Meetings” page) or contact Kathy Briles, katbriles2@verizon.net
